The Death of Victor Hugo Yesterday.

FREELINGHUYSEN POISONED!

Members of the House of Commons on the Underground Railway.—Other Notes.

Hugo Dead.

PARIS, May 22, 2 p. m.—Victor Hugo died at 1.30 this afternoon.

The ministry will request the Chamber of Deputies to adjourn as a token of respect to the memory of the deceased. It is reported that Hugo bequeathed his manuscripts to France, and that he left it to the republic to select a burial place for his remains and to decide as to the form of his funeral.

Victor Hugo's condition was so manifestly worse this morning that his death was regarded as certain to take place in a few hours. When the fact became known, Cardinal Grégoire, archbishop of Paris, sent specially to Hugo's residence, offering to visit him and administer spiritual aid and the rites of the Catholic church. M. Loekroy, the poet's son-in-law, who was in attendance at the death-bed when the Cardinal's proffer came, replied for Hugo, declining with thanks the archbishop's tender, and saying for the dying man: "Victor Hugo is expecting death, but he does not desire the services of a priest."

Government proposes a civil funeral for Victor Hugo, at the expense of the State.

More War for Africa.

PARIS, May 22.—The French Societe Geographique has received news from Upper Congo, that the large Mahomedan population inhabiting that region, excited probably by stories of El Mahdi's success, have resolved to assert their claims to the centre of Africa. A powerful chief named Tipu Taib, learned of the existence of ivory fields in the interior, raised a powerful army and proceeded into the interior. Tipu Taib's army is exceedingly strong. Thousands of his soldiers are armed with rifles. This army, the report states, is now advancing, making its way by pillage and massacre. Trawona station has been sacked and destroyed. The negroes who inhabit it fled in a panic before the attack. Tipu Taib has proclaimed the Congo as territory belonging to the Sultan of Zanzibar, and he has announced his intention to suppress all opposition to this claim.

On the Underground.

LONDON, May 22.—A great deal of comment is caused by the absence from their places on the opening of the House of Commons, this afternoon, of three members of the Cabinet who were expected to answer certain questions on the paper. These ministers are, Chamberlain, president of the Board of Trade; Mr. Troughton, chancellor of the Duchy of Lancaster; and Sir Charles Dilke, president of the local government boards.

The Renegade Apaches.

TOMBSTONE, May 22.—A military courier from Fort Bowie sends information that the Apaches killed two men at Eagle Creek on Tuesday night.

DENVER, N. M., May 22.—Reports have reached here that the Apaches killed four miners at Alma, a small mining camp on Frisco River.

A Republican Male.

WASHINGTON, May 22.—Secretary Manning has called for the resignation of Major S. Willard Saxton, of Massachusetts, chief of division of the first comptroller's office. It is stated that Saxton will refuse to resign on the ground that there are no charges whatever against him, either of inefficiency or offensive partisanship.

From Europe.

If you want to help your friends from any part of Europe, or go there yourself, buy your ticket where you can get it the cheapest, which you can get by calling at J. A. Peterson, Merchant and Immigration Agent, No. 67 E. Third South Street, Salt Lake City, P. O. Box 368.

It astonished the Public to hear of the resignation of Dr. Pierce as a Congressman to devote himself solely to his labors as a physician. It was because his true constituents were the sick and afflicted everywhere. They will find Dr. Pierce's Golden Medical Discovery a beneficent use of his scientific knowledge in their behalf. Consumption, bronchitis, cough, heart disease, fever and ague, intermittent fever, dropsy, neuralgia, goitre or thick neck, and all diseases of the blood, are cured by this world-renowned medicine. Its properties are wonderful, its action magical. By druggists.

The Worst Urthral Strictures speedily cured by our new radical methods. Pamphlet, references and terms, two letter stamps. World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y.

Its Wonderful Efficacy.

No remedy ever discovered possesses the wonderful efficacy of Syrup of Figs. The certainty with which it expels all impurities from the system, at the same time giving tone to the Liver, Stomach and Bowels, places it ahead of all other remedies, to say nothing of its being more easily taken. It is selling very rapidly. Co-op. Drug Store agent for Salt Lake.

Popular Physicians.

There is a growing demand on all sides for remedies agreeable to the taste as well as beneficial in effect, and the leading physicians and druggists gladly welcome to the list of new remedies all preparations possessing real merit and a pleasant taste. It is now admitted by all who have tried the new remedy, which is having such an immense sale—Syrup of Figs—that it is the most agreeable and efficacious preparation ever discovered. If you want the best of all Liver medicines and purgative Syrup of Figs is your choice. Trial—Figs free, all large bottles for sale by Co-op. Drug Store.

General Grant.

NEW YORK, May 22.—There was some undue irritation in General Grant's throat last night, attended by frequent attempts to clear the surface of mucus. These efforts further irritated the parts, and the General being apprehensive of a wakeful night, suggested that Dr. Douglas remain through the night, which he did. When the doctor left this morning, he said the General's apprehensions proved groundless, for he slept at 11:30 last night and continued to sleep until 4 o'clock this morning, after which he slept at intervals until 8:30 this forenoon. At that time he awoke with little, if any pain. The doctor thought the east wind and raw chilly weather affected the General unfavorably.

A Church Sensation.

CINCINNATI, May 22.—At the morning session of the Presbyterian assembly standing committees were announced. Considerable sensation was produced by the offer of a resolution by Judge Drake, of Philadelphia, declaring the Roman Catholic church a postscript to its priesthood usurpers, and its baptism invalid. He spoke in favor of his resolution. Speeches were made by Doctors Wells and Butler, of Brooklyn, opposing the spirit of the resolution and objecting to its consideration now when a judicial case is pending involving the same matter. The resolution was laid on the table for the time being.

About Afghanistan.

LONDON, May 22.—The latest advices from Meshed state that the British-Afghan frontier commission have marched towards Perwana Pass, near Herat.

SIMLA, India, May 22.—British officers have arrived at Herat. They were warmly welcomed by the inhabitants. Officers report that the fortifications of Herat are stronger than they had been supposed.

SEBASTOPOL, May 22.—A battalion of engineers has arrived and set to work extending the fortifications here. The completion of ironclads on the docks is being hastened.

Poundmaker Wants Peace.

MONTREAL, May 22.—A telegram from the scene of the northwest troubles states that Poundmaker has sent in a flag of truce, asking on what terms he can surrender. He will give up the captured teamsters, two women and a priest.

WINNIPEG, May 22.—Colonel Herchmer, at Battleford, has telegraphed to Inspector Norman of the mounted police here as follows: "All teamsters taken by Poundmaker's Indians were released and he has sent in here asking for terms of peace."

Freelinghuyesen Poisoned.

NEW YORK, 22.—The family of the late Secretary Freelinghuyesen makes no secret of the fact that the first serious illness of Judge Freelinghuyesen was due to acconite that in some unaccountable manner was bottled with the mineral water he used, and Dr. Lincoln, of Washington, says there was enough left in the bottle to kill four men.

Hanged.

CLARENDON, Ark., May 22.—Goodwin Jackson (colored), who, in November last, beat Sandy Redmond (colored) to death with a fence rail, was hanged in the presence of a very large crowd. He died protesting that he did not intend killing Sandy, but struck him for threatening to strike Mrs. Jackson.

Appointments.

WASHINGTON, May 22.—The President, to-day, appointed the following collectors of internal revenue: Wm. T. Bishop, for the first district of Ohio; Asa Ellis, for the first district of California.

Coughing Congregations.

Clergymen who are annoyed by fits of coughing and nasal trumpetings so common in churches and meeting-houses at this season of the year, cannot do better than recommend to their flocks an immediate resort to "Hale's Honey of Horehound and Tar." The result of the advice, if taken, will be comparative quiet on the succeeding Sabbath; for this potent remedy will by that time have effected a general cure. Many pastors know from experience the value of the preparation as a cure for bronchial affections, and can therefore conscientiously endorse it. Sold by druggists everywhere at 25c, 50c, and \$1. Great saving by purchasing large size. Pike's Toothache Drops cure in one minute.
